Nature Walk - Prep.

1. *Split learners into pairs or groups of 3*
2. *Give each group:*
   a. *Nature Walk picture chart*
   b. *dry wipe pen*
   c. *clipboard*
   d. *small plastic bag*
3. *Read over what learners should do for each task and explain SAFETY information.*
4. *Take hand gel and blue paper with you*

Talking Points for Fast Finishers

Use the folder of facts and information, or try these:

- Which of these things on your sheet would you expect to find on a farm?
- Whats missing on this farm, which you might see on a different farm?
- Can you match the number on a ewe with a lamb?
- Is there more than one lamb with that number?

Safety

1. *Farms can be dangerous places!*
2. *Some things you will see up close, some things you'll need to spot at a distance*
3. *Walk carefully, the ground can be uneven.*

Where can we go?

4. *Stay on the farm road or in the camping field. Watch for cars.*
5. *Don't go inside any buildings, and don't touch anything unless it's on your list to put in your bag.*
6. *If it doesn't fit in your bag, you can't bring it.*
7. *Take care retrieving fleece, its usually caught on weeds or fences, these can be jaggy!*

This symbol means, don't touch. Only spot this with your eyes!

Group Lead - Overview

This is a complete list of all the items from the learner sheets.

ewe

magpie

rope / twine

digger

alpaca

wood gate

metal gate

lamb (white)

crow

tree

hay ring

puddle, pothole

electric post

wood - metal

lamb (black)

seagull

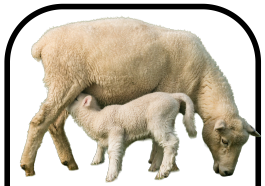

tractor

harrows

stone pile

barbed wire

wire fence

milk feed

pigeon

quad bike

roller

sheep poop

pallet

chicken wire

Nature Walk

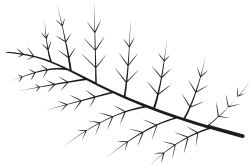

This symbol means, don't touch. Only spot this with your eyes!

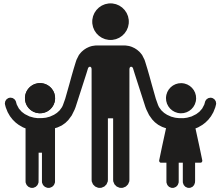

Some things you will see up close, some things you'll need to spot at a distance

If it doesn't fit in your bag, you can't bring it

Watch out for thorns, nettles and thistles.

Stay with group leader / teacher

Nature Walk - Group 1

RING FARM

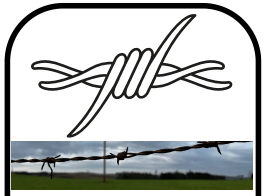

How many of these can you see? Make a tally.

lamb (black)

wood fence post

Cross off if you find it.

pigeon

barbed wire

alpaca (white)

harrows

metal gate

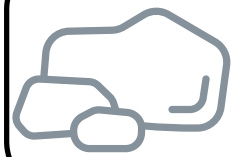

hay feed ring

Find and put in your bag. Then use hand gel.

3 blades of grass

sheep fleece

a leaf, fresh or dead

a small stone

Read out the fact when you find this.

sheep poop

Sheep poop around 10 - 20 times per day

Nature Walk - Group 2

RING FARM

How many of these can you see? Make a tally.

lamb (white)

rope or twine

Cross off if you find it.

magpie

quad bike

wood gate

chicken wire

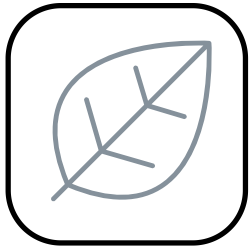

metal post

sheep poop

Find and put in your bag. Then use hand gel.

3 blades of grass

sheep fleece

a leaf, fresh or dead

a small stone

Read out the fact when you find this.

stones pile

We think this farm was once a Roman Fort. There are lots of big stones. It's hard to plant seeds in stony ground so we take them out.

Nature Walk - Group 3

RING FARM

How many of these can you see? Make a tally.

ewe (Mum sheep)

tree

Cross off if you find it.

tractor

puddle / pothole

wood gate

wire fence

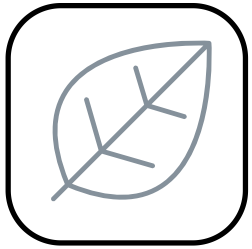

electric post

baler twine

Find and put in your bag. Then use hand gel.

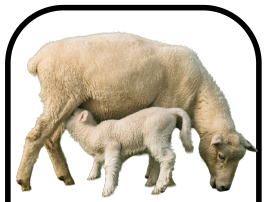

3 blades of grass

sheep fleece

a leaf, fresh or dead

a small stone

Read out the fact when you find this.

drink milk

Lambs wag their tails when they drink milk. This is not because they are happy. They make a smell that the ewe knows. She would not let the lamb drink if it did not smell like her own.
